1 Statement of Receipts, Expenditure and Balance for the last 11 months ending 28th February 81, shewing Rs 18552.2.6, as available on the 1st of March 1881 and draft Budget Estimates for the ensuing year was laid on the table.

Resolved that they should be recorded.

2. The President brought to notice that the staff employed in the collection of Octroi duty was underpaid Considering the nature of their duties and the opportunities for peculations which are open to them, also that they are un-provided with any badges or belts to shew them

that in fact any one under the present system might levy the Octroi by merely giving out he was a Municipal Karkoon, as there are no toll houses and the servants have no distinguishing belts or badges to distinguish them.

Unanimously resolved that (1) the staff and pay of the Municipal Octroi Department be in future as per margin, the Karkoons being divided into two classes in proportion to the work in the respective Kuttays and that (2) Rs 50/- be provided for supplying them with badges &c.

2 Karkoons @ Rs 7/- each
3 — do — Rs 9/ —
1 Head Karkoon @ Rs 12/ —
1 Serjeant — do — Rs 10/ —
2 Kolkars — — — Rs 6/

3. Octroi Huts

The Board after making a reference to their resolution passed in the 6th para of the proceedings dated 29th July last, resolved that the 5 Octroi Huts be erected, the estimated cost of Rs 75/ each being provided for in the Budget.

4 Original Works

i The Estimate for constructing Market stalls has not yet been returned sanctioned but in anticipation of sanction which has been applied for, the Board resolved that Rs 5000/- be entered in the Budget, the sum of Rs 2500/- provided for in that of last year having lapsed.

has been entered for constructing
drains in the Fort in addition to Rs 4648/-
the estimate for which was received sanctioned.

iii A Sum of Rs 1556/- is shewn under the head of Compensation to be paid in purchasing lands and a house to be taken up in Connection with the Construction of the new market Stalls.

iv That a reserve of Rs 710/- @ Rs 5/- per Cent be provided to meet unforeseen works that may be considered necessary during the year.

5. Education ; Read Letter No: 634 dated 11th Instant addressed to the Revenue Secretary by the President and the previous Correspondence on the subject of relieving the Municipality of the Charges on account of the Government School at Chikmaglur. The Board, after fully going into the matter, came to the resolution that only the half of the Cost should be paid by the Municipality and that the other moiety should be met from the District Funds as is the case elsewhere, as the boys of the whole District and not only of the town are benefitted by this institution. Half the cost is therefore provided in the Budget anticipating that Government will be pleased to accord sanction to the proposal.

-ng the payment of Rs 20/- a month to Mr. Cress, the Head Master of the Chitknaglur School on account of House Rent for which, in other Districts, due provision either in the shape of building or of money grants is made.

The Board, unanimously resolve that the House Rent be granted and that Rs 15/- a month be paid from Municipal Funds for a Bungalow of Mr. Ganesh Rao who is to put the building into thorough order.

6. Weights

Read Docket from the Deputy Comr. offering for sale to the Municipality the weights and scales of the abolished Sayer Kuttays. Unanimously resolved that they be purchased at a fair value for the use of the Octroi Karkoons.

7. Killing Dogs

The Board are of opinion that a sum of Rs 40/- is necessary for the destruction of snakes and stray dogs in the Town and resolve that the same be provided for in the Budget under this head.

(a) Read Chittaglur Amildar's letter No: 154 dated 11th Instant recommending that Rs 12.12 0 may be paid as Compensation to one Acchamma for a piece of land taken up for Constructing sheep Slaughter House.

Resolved that it be paid and debited to the proper head in the accounts of the Current Year.

(b) Mr. Mahammed Ali, the Pleader brought to the notice of the Board that Merchants have suffered much from the high Valuation of the houses calculated in the year 80/81.

Resolved that no new valuation was necessary but that the Board would be always prepared to consider petitions from any townspeople who could shew that they had. —

Substantial grounds to complain

are of the present
of their property.

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Financial),—dated 16th July 1880.

READ—

Letters Nos. 151 and 180 of the 12th and 14th April 1880, respectively, from the Deputy Accountant General, submitting the Budget Estimates of the several Municipalities in the Kadur District for the official year 1880—81.

No 2282-90—Ml. 103, DATED BANGALORE, 16TH JULY 1880.

ORDER THEREON.—There are six Municipalities in this District. The Municipality at Chikmagalur is on the model of a District Head-quarter Municipality and further maintains its schools in addition to the Police. The others are minor Municipalities maintained from a moiety of the house and mohatarfa taxes and of the octroi on betel-leaves, tobacco and cocoanuts. Cloth is additionally taxed only in Tarikere. The details of the estimated receipts of the several Municipalities are given below :—

Details of Receipts.	Chikmagalur.	Tarikere	Birur	Kadur	Banavar.	Yadchalli.	Total.
I Octroi—Class I Articles of food, &c ...	2,200	650	110	20	4	20	3,004

Total Gross Revenue.....	26,250	4,175	4,555½	1,120½	1,266	1,599	38,966

2. No details of the revision of the house and mohatarfa taxes having been given, there is no means of judging of its effects. There is generally a loss in the revenue of the house tax hitherto levied by the Municipalities which, however, is made good by the moiety of the other items of the mohatarfa newly conceded to them. The collections from octroi should, in future, be shewn separately for each article, with the rate of tax levied.

3. The proposed levy of the octroi in Chikmagalur on metals which is not expected to yield much, may, for the present, be deferred as in other Municipalities.

4. The Deputy Commissioner is requested to give the details of the large amount of Rs 2,100 entered under "Miscellaneous Receipts" in Birur Municipality.

5. The estimated receipts of Rs. 1,000 from the pound at Chikmagalur is also very large. Some details in regard to the working of this pound will be useful.

6. The following statement exhibits the details of the expenditure proposed :—

Details of Expenditure.	Chikmagalur.	Tarikere.	Birur.	Kadur.	Banavar.	Yadéhalli.	Total.
I. Collection for Octroi	720	240	48	48	...	...	1,506

7. In the minor Municipalities Mutsaddi for collection of the house tax and Kolkars for the octroi are proposed which makes the collection charges very heavy in comparison with the small amount of receipts in these Municipalities. The expediency of employing such a separate establishment of low-paid servants is questionable. They should be dispensed with and arrangements made as elsewhere for the collection through the village officials with a percentage allowance to them for the octroi alone.

8. The large establishment provided for the collection in the Chikmagalur Municipality may be retained for the present. But the Deputy Mutsaddi may well be dispensed with and some reduction made in the rate of pay of the others, as also in the amount of contingencies. The large amount of octroi realized in this Municipality, especially on such items as cloth, falls, it is believed, on the consumption outside the Municipal limits and the receipts will be diminished when better arrangements are hereafter made. *Vide* para 6 of the Proceedings No. 1622-30—Ml. 71 of the 19th June 1880.

9. With regard to the Head Office charges it must be observed that the establishments in the Chief Commissioner's and Deputy Accountant General's Offices are charged to District Head-quarter Municipalities alone, the accounts of which will continue to be audited in the Central Office. The District Office establishment is alone charged to the Municipalities.

10. The proposal to employ a Surveyor on Rs. 35 with a horse allowance of Rs. 7 in the District Office for all the Municipalities cannot be sanctioned, as such an officer can be of very little use, except to the Head-quarter Municipality. For the latter, a man capable of superintending the Municipal works as well as the conservancy ought to be secured for the monthly salary of Rs. 25 already provided under conservancy. The pay of the District Municipal Clerk may be raised to Rs. 20 as in other Districts to secure a competent Clerk, capable also of auditing the accounts of the minor Municipalities. The provision under "Head Office" has been altered accordingly and distributed ratably on the several Municipalities.

11. The rate of hire for the conservancy carts, *viz*, Rs. 20 at Chikmagalur and Rs. 17 at Tarikere, may admit of some reduction, as also the rate of pay of the sweepers and scavengers. Scavengers for the latrines are proposed to be procured from Bangalore on the monthly pay of Rs. 15 each. The Municipal Board should take into consideration the possibility of making any cheaper local arrangements in this matter.

12. Some details should be furnished regard to the present condition of, and arrangements proposed for, the ayo Park" for which a large provision of Rs. 240 is made. The expenditure of Municipal funds on such objects should be moderate. There are, besides, 6 coolies employed to water the belt of trees planted round the town and Rs. 200 are further provided for rearing trees. Some information should also be furnished in regard to the work done by the coolies and the number and present condition rees.

13. The principal items of the outlay on public works, original and repairs, are noted in the margin. They are sanctioned subject to estimates and notifications being submitted in the usual course. The provision for "Reserve" has been reduced to 5 per cent.
